# ACCESS TO THE ELECTRONIC RESOURCES OF THE LIBRARY

Access to the electronic resources of the Library will be through **Openathens**, a system that allows you to directly access all the electronic resources, through single authentication.

Simply search for a document in the academic search engine BUSCAM, in the Electronic Resources section of the Library, or in the Catalogue. When accessing a document, you will be asked for your username and password:

**You will only be required to enter your username and password once and you will then be authenticated in all of the electronic resources of the Library.**
